Brooke County Planning Commission – minutes of 3/22/16

Quorum – Confirmed

Present – Mathew Reven, Jim Smitz, Ruby Greathouse,
Ed Dipino, Greg Zolman and Commissioner Tim Ennis

Minutes – Minutes from January were approved. Motion to approve – Dipino seconded by Smitz - unanimous approval

Financial Report – Beginning balance $7523.67 / Check for secretarial and web maintenance for (Feb. & March) - $400.00 / New balance $7123.67
Motion to approve by Zolman seconded by Smitz Unanimously approved

Unfinished Business:

Saldo – Various problem areas around Brooke County that have storm water problems were discussed. The northeast side of Marshall Terrace and 12th street in Wellsburg were the major focus. Further study of these areas would be useful for determining how guidelines could help prevent recurring problems.
Copies of Hampshire County's Storm Water Management Ordinance were distributed for members to review and come back with comments and suggestions.

Dilapidated Housing – There were no new complaints received.

New Business :

ATV's - Ruby Greathouse discussed the ongoing problems with ATV's causing damage at Brooke Hills Park and the adjacent cemetery. Several residents in the area attended the board meeting at the park and expressed their desire to see some kind of ordinance to help control the unruly activity around the park.
Commissioner Ennis remind the Planning Commission that the State of West Virginia has not given us any authority to make further general restrictions on ATV's such as requiring a license plate.

Adjournment – Motion was made by Dipino and seconded by Smitz - unanimously approved

Respectfully submitted:

Mathew Reven – Recorder for Brooke Planning Commission
